Re: Police Report Retraction No. Pol.: LP/247/VII/2004/Siaga-I, dated July 20, 2004

I herewith retract my Police Report No. Pol.: LP/247/VII/2004/Siaga-I of July 20, 2004 lodged against PT Newmont Minahasa Raya as suspect of the criminal act in question.

The accusations I made in the Police Report above and the information I provided as a witness as written in the Official Report of Investigation claiming that the tailings produced by PT NMR caused the disease suffered by some residents of Buyat Pantai village were premature because there was never any scientific, comprehensive, detailed and integrated proof that any disease suffered by Buyat Bay villagers was caused by PT NMR's operations.

With the retraction of the Police Report above, I hereby declare that all matters related to this issue is over.

This letter has been made without any coercion, pressure or threat from any party.

Thank you.

Sincerely yours,

Dr. Jane Pangemanan M.Kes
